There are also authorized to be appropriated, in addition thereto, such amounts as are required (a) for construction of such distribution systems and drains as are not constructed by local interests, but not to exceed in total cost the sum of \$192,650,000, and (b) for operation and maintenance of the unit: *Provided*, That no funds shall be appropriated for construction of distribution systems and drains prior to ninety calendar days (which ninety days, however, shall not include days on which either the House of Representatives or the Senate is not in session because of an adjournment of more than three calendar days to a day certain) after a contract has been submitted to the Congress calling for complete repayment of the distribution systems and drains within a period of forty years from the date such works are placed in service. All moneys received by the Secretary from the State under this Act shall be covered into the same accounts as moneys appropriated hereunder and shall be available, without further appropriation, to carry out the purposes of this Act.
